*Step right up...*

The most anticipated night of the year is about to begin.

We say goodbye to 2025 with a dinner full of flavor, elegance, and that spontaneous touch that makes every moment count.

Our chefs have crafted a menu designed for savoring, toasting, and enjoying at your own pace— while live music sets the rhythm of the evening.

When midnight arrives, we'll raise our glasses, share the traditional twelve lucky grapes, and welcome the New Year in the best company: yours.
